Hulanesian Dance is an all-female professional Polynesian dance group based in Sydney, Australia.

About Us

Our dancers specialise in traditional hula, Tahitian and Cook Islands dance in both traditional and contemporary styles. Our mission is to share the beauty of our hula culture through meaningful performance and expression, to create an unforgettable cultural experience from a place of authenticity, joy and passion for dance.

The hula blessing:

May you have grace in your step, song in your hands and aloha in your heart

Every girl has a hula queen

PSEUDOCODE

Site will open on Index page.

Index page autoplays our youtube video (with audio)

While video is loading there is a branded loading page with the Hulanesian logo

ALL PAGES:

- While webpage is open, site is always responsive.
- When user hovers over scroll down icon, it will glow
- When user clicks on scroll down icons, page will scroll down to next section

TOP NAVIGATION:

- If user is on device width $> 1023\text{px}$, then top navigation will display as a horizontal list of links
- If user is on device with width $< 768\text{px}$, then top navigation will be replaced by hamburger menu
- When user clicks on hamburger menu, navigation options will appear in drop down menu
- While user hovers over hamburger icon, hand cursor appears to indicate a drop down menu exists
- While drop down menu is open on hamburger icon, a "x" symbol will be present to indicate that the menu can be closed
- If user clicks on 'Hulanesian logo' in the top left of the navigation bar, then page links back to Index page
- While user hovers over 'Hulanesian logo', hand cursor appears to indicate a link

IMAGE GALLERY "Keep up with us":

- If user is on device width $> 1023\text{px}$, then image gallery displays row of four images
- If user is on device with width equal to or $< 768\text{px}$, then image gallery displays row of two images
- If user is on device with width equal to or $< 375\text{px}$, then image gallery displays row of one image

FOOTER:

- While user hovers over social media icons, hand cursor appears to indicate links
- If user clicks on social media icons, page will link to respective external social pages
